## About **Company**

Export Briquettes is an Indonesian-based manufacturing and export company specializing in premium coconut charcoal briquettes. We produce eco-friendly briquettes using selected coconut shells and modern production processes to meet international standards.

Our products are trusted by global buyers across the Middle East, Europe, Asia, and the United States for their consistent quality, long burning time, and clean performance.

We are committed to becoming a reliable long-term partner for importers and distributors worldwide.

# Vision & Mission

## *Vision*

To become a leading global exporter of sustainable coconut charcoal briquettes from Indonesia.

## *Mission*

- Deliver consistent and high-quality briquettes
- Support global demand with reliable supply
- Promote eco-friendly energy solutions
- Build long-term partnerships with international clients
- Provide professional export services
